Dear Randy:

I write on behalf of Habitat for Humanity to request the donation of a lot to be used by B/CS Habitat for the construction of an affordable home for a low-income family in need (30-50% of the local median income), in College Station, Texas.

The lot is lot 7 Block 5 of the McCulloch's subdivision, located at 1107 Carolina Street. It is in the target neighborhood of the community's revitalization program and only blocks away from several other Habitat homes.

We have a homeowner that has looked at the property and is very excited about the possibility of living there. We have a donor and an underwriter lined up to sponsor the home; and would like to begin construction during the month of June, so that the house can be completed and sold to the family before school starts.

Thanks for considering our request. We appreciate all that you do for the community's low-income families in need, and look forward to working together to provide another simple, decent home for a local family in need.

Sincerely,

A handwritten signature in dark ink, appearing to read "Patricia G. Burk". The signature is fluid and cursive, with a long, sweeping underline.
